hands	attention		

- 1) Be in class ready to start by the _____. Each person should be wearing a clean _____, have washed their _____, and have his/ her own _____. Any hair touching the shoulders must be _____. Books are on the _____ or _____. Jackets are _____.

- 2) Start the lab as soon as you and your partner are able. If there is a partnership problem, consult the _____ for reassignments. Only the _____ is to go back for the dishcloths and _____. _____ picks up the assigned tray with the correct number as there is only enough if all share equally. The other partner should consult the recipe sheet and get out the _____. Start the _____ as soon as possible, even before your partner returns.

- 3) Work _____ and _____ with each partner doing his/ her _____. Not watching the other work or taking on too much of the whole project. _____ will be deducted if one partner does too _____ or can not _____ with the others in the unit. Stop when the teacher calls for _____ so that instructions can be given without _____.

clean up	placemats	paper towel	sanitation
25	teacher	student	cooking
it's not my job	clean	soaked	dismissed
appealing	orderly	individual	shared
together	rinsing		

- 4) While working, the counters should be kept _____ and _____ . Great confusion will cost you marks. Dishes and pots should be _____ after use to make washing easier. Use hot water for washing and _____ dishes. Garbage is collected on a _____ and carried to the garbage can during clean up.
- 5) If the lab is to be eaten in class, the table should be set while the food is _____ and the other partners are starting _____. The table should be washed and _____ set down for each person. Your lab mark usually has some emphasis on how well your table is set and how _____ your food is served. No food goes into the garbage. You should try all dishes but need not eat the meal totally. It may be given to _____ or _____.
- 6) Clean up is _____ by all group members on a rotating basis. You all work _____ doing you assigned task and then pitching in to complete the whole job. You all are marked and _____ together so it won't help you get out of the room by saying "_____."
- 7) Most labs are marked out of 20. Clean up is 5 or _____% and given to the whole group. There are also marks for preparation techniques, preparedness, doing duties correctly, demo behavior, and your finished product. These marks are given to you and your partner together. _____ marks can be lost for behavior problems or _____ violations like licking fingers or hair untied. Labs are 60% of the course grade.
