

Safety While Sewing

Name: _____

Block: _____

-
1. Place the machine as near the electrical outlet as possible.
 2. Keep the cord out of the way and untangled.
 3. Always hold the plug when unplugging the machine. Never jerk or pull the cord.
 4. If the cord becomes worn or frayed, tell teacher and have it replaced immediately.
 5. Use machine light for accuracy and safety while sewing.
 6. Hold fabric with fingers well away from the path of the needle.
 7. Do not sew over pins.
 8. Sew at low speed until your ability to control the machine improves.
 9. Keep all backpacks and bags way from the foot pedal.
 10. Do not sit on the sewing machine or ironing board.
 11. Keep pins and small equipment away from the needle area.
 12. Remember to turn off sewing machine when not in use.
